CAUTION USING GOLD BRONZE

We do not recommend imprinting Gold Bronze Certificates Style Numbers 345, 419, 445, 447, 449, 458, 463, 495, 497, 499, 526, 538, 615 and 745 on copiers or laser printers, the finely ground bronze particles tend to cause damage. On offset press the bronze tends to adhere to the blanket. It is preferable to print these on letterpress
